

CLOSET

Closet

revolutionizes
how we share with others.

We buy,
sell,
trade,
loan and borrow

our things
and things we want
with friends
family
neighbors
and people we don't know

every day.

And we
as students
or friends
fashion-finders
or gamers

We help each other
we foster community
we find uses
for ourselves
and our things...

but not just by selling
and buying
and spending

but by sharing
with others.
